

# **The 4<sup>th</sup> Korea-China-Japan Joint Workshop on Photovoltaics**

**September 21 – 22, 2006**

**Marriott Hotel  
Busan, Korea**

## **First Announcement**

The 4<sup>th</sup> Korea-China-Japan Joint Workshop on Photovoltaics will be organized by the Korean Photovoltaics Development Organization in cooperation with the Korean Society for New and Renewable Energy, and will be held at Marriott Hotel (<http://www.busanmarriott.co.kr/eng/>) in Busan, Korea, on September 21-22, 2006. The main goals of the workshop are to provide a well organized international forum to review and stimulate the progress in basic and applied research on Photovoltaics. The workshop will cover a broad range of physics and applications on Photovoltaics: policy on photovoltaics, bulk Si solar cells and modules, thin film solar cells, III-V solar cells, dye and polymer solar cells, PCS and system technologies. The workshop will shows recent results in research and development of photovoltaics, especially in Korea, China, and Japan.

### **Topics**

Policy on photovoltaics  
Bulk Si solar cells and modules  
Thin film solar cells  
III-V solar cells  
Dye and polymer solar cells  
PCS and system

## Proceedings

The proceeding of the Workshop will be published in a special issue by the Korean Photovoltaics Development Organization and the Korean Society for New and Renewable Energy. The presentation file in pdf format should be submitted by August 26.

## Organizing committee

Jinsoo Song (KIER, Korea)  
Donghwan Kim (Korea University, Korea)  
Jae Hak Jung (Yeungnam University, Korea)  
Juyeop Choi (Kwangwoon University, Korea)  
Chinho Park (Yeungnam University, Korea)  
Minhyon Jeon (Inje University, Korea)  
Dongjin Byun (Korea University, Korea)  
Chang-Sik Son (Silla University, Korea)  
Yangdo Kim (Pusan Nat'l University, Korea)  
Ji-Weon Jeong (LG Chemical Ltd., Korea)  
Jae Ho Yun (KIER, Korea)  
Sumi Yang (LG Siltron)

## **Workshop venue (Marriott Hotel, Busan, Korea)**

Busan, a bustling city of approximately 3.7 million residents, is located on the Southeastern tip of the Korean peninsula. Busan (<http://english.visit.busan.kr/>) is the second largest city in Korea. Its geography includes a coastline with superb beaches and scenic cliffs, mountains which provide excellent hiking and extraordinary views, and hot springs scattered throughout the city. Busan enjoys four distinct seasons and a temperate climate that never gets too hot or too cold. With pleasant climate, friendly and courteous residents and delicious cuisine, Busan offers an ideal location for the workshop.
